

# KJNP TRAPLINE NEWS

Dear Partners

December 2016

**For unto us a child is born, unto us a son is given: and the government shall be upon his shoulder: and his name shall be called Wonderful, Counsellor, The mighty God, The everlasting Father, The Prince of Peace. (Isaiah 9:6)**

What an awesome gift that was given to us from the Lord God Almighty!

This past summer was another busy one. With work crews that came up from the lower 48 to help on the many projects, mainly maintenance on the nearly 50 year old log buildings on the grounds of KJNP.

We hosted four different work crews starting in June through August, with each spending about one to two weeks. The groups this year were Bethesda Christian Fellowship from Madison, Wisconsin; Kersey Community Church from Kersey, Colorado; Faith Bible Chapel from Arvada, Colorado; and Calvary Gospel Church Goodland, Kansas.

The main project was to take down Don and Gen Nelson's first cabin built in 1965. The logs had deteriorated beyond repair. This took the help of several work crews. They also put a new roof on our kitchen, replaced trim logs on the roofs of the TV station and the washhouse buildings, repaired a sagging floor, cleared out an old storage shed getting it ready to be demolished next summer, repainted KJNP signs, cleared brush, mowed the sod roofs and the lawn, and many other projects too many to mention. Oh, almost forgot, they had a lesson in cleaning king salmon, approximately 80 of them, and even built an outhouse. Ha!

We were blessed to have people who took time out of their busy work schedules to come and help. Without them we could not keep up. May the Lord richly bless all of those who helped. If you or your church group are interested in coming as a work group, give KJNP a call at (907) 488-2216.

Many other projects are waiting to be done at the station. One of them involves production work for programs. There are many programs like Don Nelson's "Strength for the Day" that have yet to be transferred from tape cassette to CD. Some programs will need to be made into a computer file that our automation center can play. We have enough to be on the air with these programs, but are looking to be able to have the rest of them available for airplay also. As people are willing to help us with these projects, we will provide them a cabin to stay in while they are here.

KJNP-AM has now completed its 49th year of being on the air. This means that in October we will be having our 50th anniversary. We are still in the early planning stages, and as we enter 2017 we will be working on the preparations for this celebration.

## AM Tower Work

Last spring we mentioned how the Austin Ring transformer had burned out on our AM tower. Over the summer we were able to replace it, and the new one is working. First, Redgy removed the old part in a way so that we could be on the air until we finished the

replacement. In July Redgy worked overnight on this project at times as the part connects to the tower and he could only work on it when we are off the air. The first time he went to hook it up, it did not work because the mounting brackets did not fit correctly. The second time he was able to get it mounted and hooked up. Because this was a change on the tower, we had to file tower impedance papers with the FCC, so after getting the transformer installed and working, Redgy did the measurements that were needed to start the FCC filings. When this type of project comes up

it takes time to order and get the special parts, and then to plan time to install them with the minimum interruption to the broadcast time. Overall it took most of the summer to get this done.

## Bibles for Others

Greetings to all from Bibles for Others:

We want to highlight for you one of the great ministries that Bibles for Others supports with free Bibles. This ministry is called Spread the Word Ministries, located in Nigeria. They have indicated that one of the most stunning aspects of their mission outreach is the incredible shortage of Bibles that they often encounter. They report that new converts and believers are in need of Bibles and other Christian materials in order to further their faith. Their motto for the ministry is "One Bible Can Save a Soul". Below is a quote from their recent request for more Bibles:

*"Thank you so much for your prayer and support towards us in Nigeria. Last week our ministry was in a local village for several days to minister and give Bibles to 8 new converts and other believers who have no Bibles. As you can see from the pictures sent, everyone was very happy and thankful to God for the new KJV Bibles given to them freely. God is worthy to be praised!"*

*to share God's Word with those around us and*

They further write:  
*"Our prayer is that we could do more to reach other villages that are without the Gospel and that we will expand our areas of outreach. Many people still have never heard or read the Bible. What an opportunity we have*

*as the church grows, so does the need for Christian literature to answer people's questions and challenge them to faithful discipleship. To further this goal, Spread the Word Ministries needs your help."*

It is so gratifying to receive letters like this and know that sincere believers in Africa are diligently pursuing souls and making sure that their spiritual hunger is being satisfied. The ongoing prayers and support of so many help make this a reality!

### Prayer Requests

- That many more will come to know the Lord through **KJNP** and **Bibles for Others**, and that those who do know the Lord will continue to grow and be disciplined.
- That the staff at KJNP will continue to be healthy throughout the cold and flu season.
- That the need for more staff members will be met with long-term staff who are wholly dedicated to the Lord's service.
- For the Lord's wisdom on all the day to day decisions that need to be made.

Thank you for your prayers and support

Yours for souls,

*THE STAFF of KJNP & BIBLES FOR OTHERS*
